Mel Wong

PRODUCT DESIGNER

Menlo Park, CA 650-867-8689 melwgold@gmail.com Linkedin

ABOUT

Product Designer with 8+ years of experience driving growth at large tech companies and across industries. Expert in navigating the end-to-end lifecycle—from 0-to-1 strategy to high-velocity, multi-platform execution. I apply a systems-thinking lens to experimentation at scale, bridging the gap between owning business metrics and delivering high-craft user experiences.

CORE SKILLS

- **Leadership:** 0-to-1 Strategy, Interim Product Management, XFN Stakeholder Alignment, People Mentorship.
- **Systems:** Systems Thinking (2B+ users scale), Design Systems Governance, Unified Platform Architecture.
- **Technical:** Vibe Coding (AI-Augmented Prototyping), Data-Informed Experimentation, Complex IA, DX.

EDUCATION

University of California, Davis
B.A English Literature, Criticism & Theory

EXPERIENCE

Instagram

San Francisco Bay Area / Jul 2022 – Present

- **Interim Product Leadership:** Managed product strategy, engineering priorities, and vision in the absence of a PM/EM while delivering "Craft Wins" with a consistent "Greatly Exceeds" performance rating.
- **Monetization Architecture:** Re-architected legacy upsell systems on logged out web, driving DAU.
- **High-Velocity Growth:** Led 11 engineers to land 40+ launches; achieved DAU lift, exceeding growth targets by X%.
- **NUX & Retention:** Spearheaded onboarding and notification opt-in overhaul, unlocking DAU.
- **Competitive Strategy:** Shipped 9+ global experiences to reduce registration friction and defend market share against emerging competitors.

Spotify

New York, NY / Aug 2019 – Jul 2022

- **Growth Experimentation:** Optimized global upgrade funnels through iterative, data-driven testing across platforms for 400M+ MAU.
- **Market expansion:** Led 0-to-1 launch for South Korea; localized UX for regional behaviors and drove the conversion strategy across multiple platforms and surfaces.
- **System Design:** Re-architected fragmented account management into a unified self-serve system increasing net subscribers by 530k+ and join rates by 3.41%.

Betterment

New York, NY / Aug 2018 – Aug 2019

- **B2B Platform:** Led design for their B2B product, including consumer dashboards and internal ops tools.
- **Fintech UX:** Simplified complex investment flows and business onboarding, increasing successful setups.
- **XFN Collaboration:** Partnered with Legal/Compliance to bridge sophisticated wealth management with human-centric UI.

MongoDB

New York, NY / Jan 2017 – Aug 2018

- **Team Management:** Led the NYC design org and product research for Education and Documentation.
- **Developer Experience & Systems:** Launched the MongoDB University design system and re-architected Docs to improve discoverability decreasing support tickets by 40%.
- **Strategic Bridge:** Aligned Design and Eng to scale developer onboarding tools to increase product adoption.
